THE

GENERAL INFIRMARY AT LEEDS

One Hundred and Sixty-Fifth Annual Report.

1932.

The Board of Management have pleasure in submitting their Report for the year 1932.

The number of In-patients treated during 1932 has been 183 less than in the previous year, as indicated in the following figures. The average number resident daily has been 564 as compared with 561 in 1931, the average period of stay in the Infirmary having been 13·1 days as compared with 12·7 in 1931. Although the average stay is considerably below that prevailing in similar Hospitals, it is regretted that in spite of this fact the number of patients waiting for admission has increased from 1,184 in 1931 to 1,785 at the end of the year.

The rate of mortality amongst the In-patients was 6·7 per cent., but after deducting the number of patients who died within 48 hours of admission the percentage is reduced to 4·5 per cent. Mortality.

The number of Out-patients shows a substantial increase over last year, as do the Out-patient attendances; the following are the figures:— Out-Patients.

During the current year 1,232 Patients were treated as a result of accidents attributable to Motor vehicles; of these 666 were In-patients. Motor Accidents.

The cost of the treatment of these cases was £4,979, towards which only £1,805 10s. was received for or on behalf of them, leaving an adverse balance of £3,173 10s. to be found from General Funds. Although the amount recovered is far from satisfactory, it represents an appreciable increase on the previous year and compares favourably with the experience of other Hospitals.

The British Hospitals Association has collected information concerning the operation of the Hospital Clause in the Road Traffic Act, and are using their influence to secure, either by legislation or otherwise, adequate remuneration for the work done by the Voluntary Hospitals in connection with these cases.

The number of Patients seen by the Almoners during the year was 37,427 as compared with 33,620 in 1931. Almoner's Department.

The systematic interviewing of X-ray patients has resulted in a substantial amount being paid in donations, namely £234 18s. 1d. Many of these donations come from patients not connected with contributory schemes and who are in a position to pay the cost or part cost of the films.

The In-patient work has grown considerably. In the first two months of the year the average number of new Ward cases dealt with by the Almoner was 53 per month. In November and December, the average was 93 per month.

Arrangements for patients include Sanatoria, Convalescent or Special Homes, the after-care and supervision of diabetics, investigation of home conditions as well as arrangements for transport to and from Hospital, the services of the District Nurse, and visits of supervision and enquiry.

The Samaritan Fund continues to be a great boon, and has enabled the Almoners to help in various ways many necessitous cases. Donations to the Fund will be most welcome, as the Income is much too small to meet the many deserving claims made upon it.

The Board is grateful to Mrs. Bedingfield and her sisters for a gift of £310 to inaugurate a Fund to be known as the "Eliza Grant Benevolent Fund" in memory of their mother. The Fund is to be used for the benefit of the children in the In-patient and Out-patient Departments of the Infirmary, and will be administered at the discretion of the Lady Almoner.

The donations collected in the Almoners' Department during the year amount to £734 2s. 10d., as compared with £506 16s. in 1931.

Convalescent Cases.

The total number of patients referred to the Leeds Convalescent Society was 106; of this number 73 were children and 33 adults. The average stay of most of the patients sent to the Convalescent Homes was three weeks, but in a number of cases the stay was extended to six, eight and, in a few instances, ten weeks.

The grateful thanks of the Board are again accorded to Major and Mrs. Clive Behrens, of Swinton Grange, Malton, for the use of free beds at the Malton Convalescent Home.

Income.

The total income for 1932 was £107,155; this was £2,609 more than the previous year, and £643 more than the average for the past three years.

Legacies.

During the year 1932, 464 new patients attended the Radium Centre of which 386 were treated with Radium, compared with 328 patients in 1931 and 292 patients in 1930.

The Hospital now has the use of $1\frac{3}{4}$ grams of Radium for the treatment of patients, of which 504 mgms. belong to the Infirmary, 216 mgms. are on loan from the Yorkshire Council of the British Empire Cancer Campaign, the remaining 1006·5 mgms. being on loan from the National Radium Commission.

Dental Department.

The number of new patients treated during the year was 15,764, an increase of 1,076 over the previous year. The number of visits was 28,728.

The work of the department covers a wide field, and in addition to the routine and urgent work, the department was able to meet the considerable demands upon its resources by patients requiring conservative treatment (fillings, etc.), orthodontic treatment, and minor oral surgical operations. The activities of the department also included the construction of a large number of dental appliances, such as artificial dentures, radium applicators, and splints for use in the treatment of fractures of the jaw.

Blood Transfusion.

The Board wishes to express its thanks to all those donors who are enrolled on the Panel of the Leeds Blood Transfusion Service and especially to those who have given blood during the year. There are at the present time 298 donors on the panel, and from 22nd of December, 1931, to the 31st December, 1932, 61 of these donors have given blood to patients in the Infirmary. Blood transfusion has been performed in a large variety of cases and has saved life in many instances. The Service has worked throughout with great smoothness and regularity.

Book Matches.

The Board desires to express its gratitude to the Management of the Yorkshire Penny Bank for so generously maintaining the supply of Book matches and Containers with Collecting Boxes attached. The amount derived from this source in 1932 was £357.

Mr. W. L. Kirby has very kindly renewed his offer to add 25 per cent. to the total of all new Annual Subscriptions received during 1933. The response to this offer in 1932 was a great improvement on the previous year, a total of £427 18s. 6d. in new Annual Subscriptions having been received. It is hoped that during the current year many new subscribers may be forthcoming to enable the Infirmary to take advantage of this unique offer to augment the funds. Mr. W. L. Kirby's Offer.

The Hospital sustained a great loss in the death, on September 18th, of Mr. H. D. Nursing.

On February 25th, 1932, Her Royal Highness the Princess Royal, graciously visited the Infirmary to distribute the prizes to the Nurses at their Annual Prize Giving in the School of Medicine. She visited a great many of the wards and spoke to all the patients, giving great pleasure and showing her interest in the work of the Infirmary. Her Royal Highness afterwards had tea in the Nurses' Dining Room.

During the past year two members of the nursing staff have been appointed Matrons, namely:—

Miss Winifred Bates, Second Assistant Matron—Matron of the Royal Infirmary, Sunderland.

Miss Beatrice Shaw, Senior Home Sister—Matron of the New Hospital, Cromer.

In addition to these two appointments:

Miss Phyllis Thompson has been appointed Sister Tutor and Home Sister at the Victoria Hospital for Children, Tite Street, Chelsea, and Miss Elizabeth Luke, Sister Tutor and Home Sister at Willesden General Hospital, London.

During the year fourteen nurses were awarded the Scholarship which enables them to undertake training at the Leeds Maternity Hospital, in order to gain the Certificate of the Central Midwives' Board.

Sunny Bank

The Sunny Bank property has been re-conditioned in order to provide additional sleeping accommodation for nurses.

Chiropody Department.

For an experimental period of six months, Mr. F. H. Pateman was appointed to act as Chiropodist to the Infirmary. The work done has proved to be a useful adjunct to the Infirmary's services, and it has been decided to establish a permanent Department.

Gynæcological Work.

During the year an arrangement has been made with the Committee of the Women's Hospital for their Institution to undertake the whole of the gynæcological work previously done at the Infirmary. This arrangement, which came into operation on 1st January, 1933, is working smoothly, and has released 14 Beds for other purposes.

Co-ordination of Hospital Services.

In conjunction with Representatives of the Women's Hospital and the Maternity Hospital, a scheme which aims at the Co-ordination of the work of these Institutions has been formulated, which subject to the approval of the Governors will become effective during the ensuing year. The Scheme provides for the formation of an Advisory Council and the establishment of a Joint Medical Faculty.

It is hoped that in the near future the whole of the Voluntary Institutions will come into the Scheme, and thus secure a co-ordinated Voluntary Hospitals service for the City.

Oak Panelling in Chapel.

Mr. Wm. Nicholson, of Hellifield Peel, and Mr. Wm. Nicholson, junr., of Leeds, kindly undertook at their own expense to complete and re-condition the oak panelling in the Infirmary Chapel. The thanks of the Board are accorded to these gentlemen for this improvement.

New Motor Ambulance.

The Board is grateful to Mr. C. F. R. Brotherton, who has generously presented a new Motor Ambulance.

Linen League.

The Board desire to express their gratitude to the Hon. Officers and Committee of the Linen League, for the valuable help rendered by them. During the year 4,754 garments were supplied towards the needs of the Institution, as compared with 2,655 in 1931, an increase of 2,099. The income of the Committee amounted to £653 10s. 2d., practically the whole of which has been expended on the purchase of materials.

The Committee of the Linen League will be glad to enrol more members, to make possible further extensions of their work. The number of workers is now 1,760, an increase of 376 during the year.

The Board is also grateful to the Ladies' Sewing Party, who meet at the Infirmary each Wednesday afternoon, and have done much useful work since the War period.

Thanks.

The Board is grateful to all who, during the year, have assisted the Infirmary either by contribution, service or gifts in kind. The need for additional help, however, is urgent. They would therefore emphasize the necessity for a greater measure of support from all classes if the present high standard of efficiency is to be maintained, and much needed extensions and developments undertaken.

The 165th ANNUAL GENERAL MEETING,

Held in the Board Room of the Infirmary at 4 p.m., on Wednesday, March 29th.

The Chairman (Mr. A. P. Nicholson) presided.

The Notice convening the meeting was read, and the Minutes of the last meeting confirmed.

The Chairman stated that: "Before proceeding to deal with the Report, it is my sad duty to refer to the great loss sustained by the Infirmary in the death of the late Chairman and Treasurer, Mr. Henry Middleton. All of us who have the interests of the Infirmary at heart know how wholeheartedly he worked for its welfare. During the four years he filled these offices, he gave freely of his wide knowledge and ability, and displayed that thoroughness and enthusiasm which characterized everything he undertook. In these difficult days we can ill afford to lose such public spirited men, and not only the Infirmary but Leeds generally is the poorer for his passing. Obituary.

"I am happy to know that Mr. Middleton's name will be perpetuated in the Infirmary by a Bed, which is being endowed in his name by personal friends.

"Another sad blow during the year has been the sudden and unfortunate death of Mr. Harry Lee, who served the Infirmary as Hon. Surgeon to the Ophthalmic Department with the greatest credit to himself and advantage to the Institution, for a period of 14 years. Apart from his high professional qualities, Mr. Lee, by his kindly and genial manner, endeared himself to all of us, and we deeply regret his loss.

"Although I do not wish to trouble you with figures, I think that an Annual Meeting of this kind presents a suitable opportunity for reviewing briefly the work accomplished during the past year. The warm place which the Infirmary

holds in the confidence of the people of Leeds and district is demonstrated by the fact that during 1932, 60,083 *new* patients came to the Infirmary for treatment—an average of 165 for every day throughout the year. Of this number, 13,083 were admitted to the Wards.

Out-Patients.

"The attendances in the Out-patient Department during the year numbered 328,000, or 900 per day, whilst the number of operations performed was 11,912, or an average of 33 every day. In spite of all that is done, more remains to be accomplished, but we are hampered through lack of funds.

Income and Expenditure.

"You will see that our Expenditure remains almost the same as last year, and without sacrificing any efficiency we are making certain economies in working which we hope will result in a saving in the current year. Our Income is £107,155, and shows an increase on last year's figure of £2,609.

"We find that in 1912 our Expenditure was £40,000, and our Income £33,000. In 1922 our Expenditure had grown to £97,000, and our Income up to £82,000. In 1932 our Expenditure was £113,886, and our Income £107,155, nearly 3½ times greater than 20 years before. This shows a wonderful spirit of loyalty to our Infirmary, but it is not enough—if you go deeper into the figures you will find that it is the Districts outside Leeds who will have to give further help. You will find Districts, from which many patients are sent, giving very little towards the Infirmary, and I would like each Village, Town, and Hamlet to ask themselves 'Are we supporting our Infirmary as far as we are able?' and it is their Infirmary as well as ours. The title is 'The General Infirmary at Leeds,' and it should be a matter of honour that where patients are sent in large numbers the support should be equally as large.

"You will find in the last Annual report an example like this:—

"A certain place sends

170 patients at a cost of	£480
Subscriptions from that place	£150

and another

Cost of Patients	£500
Subscriptions	£105

"It is the duty of every Town and Village in the area served by the Infirmary to try its utmost to increase its

support. I would like to make it clear that I do not refer to places near Leeds that are included in the Workpeople's Hospital Fund, but to Districts further afield—6 to 20 miles away.

"When you look again at the Annual Report you will find there are Districts who give well and are obviously well organized, and we commend these to those I have mentioned, and I feel sure that the position has only to be known to be remedied, and I do hope something will be done to help us.

"On the question of extending our operations and enlarging the Infirmary, I can only say that this is having the attention of the Board, and that as soon as conditions are favourable, proposals will be put forward.

"The need for extra accommodation is more pressing than ever.

"The Out-patient Department is totally inadequate to deal with the large numbers that attend, and the housing of the Skin, X-Ray, and Radiological Departments is waiting to be dealt with.

Leeds Workpeople's Hospital Fund.

"I wish to thank once again our good friends, the Workpeople's Hospital Fund, for their generous help. This year it is £33,550, which is the highest amount they have ever given, and I should also like to acknowledge the co-operation their representatives give in the working of the Infirmary, by their attendance and counsel at Board and House Committee meetings.

"We have also to thank Mr. W. L. Kirby, whom we welcome here to-day, for adding 25 per cent. to new subscriptions. His contribution this year is £106 19s. 6d., and I am sorry it is not ten times as much, and I believe he would be just as ready to pay that extra amount. I am glad to announce that Mr. Kirby has promised to continue this offer during the current year, for which we tender him our sincere thanks.

Linen League.

"I also wish to express the thanks of the Board to the Ladies of the Linen League for the splendid work they have accomplished this year, by supplying nearly 5,000 garments for the needs of our Infirmary, and we congratulate them on the continued success of their efforts.

Co-ordination Scheme.

"During the year a Committee, consisting of Representatives of Voluntary Institutions in the City, has been considering the possibility of effecting closer co-ordination in working,

and I am pleased to be able to report that as a result of their deliberations the Committee of the Women's Hospital, the Maternity Hospital, and the Infirmary, have agreed upon a scheme, which it is hoped will secure closer co-operation and avoid unnecessary overlapping. It is proposed to establish a Joint Advisory Council, who will give advice on matters of policy, and also to establish a Joint Medical Faculty. What has been done represents a very important step forward, and I hope may, in the near future, lead to a complete Co-ordinated Voluntary Hospitals service for the City.

"I would like to take this opportunity of expressing our appreciation of the work done in the Infirmary by the Honorary Staff, Resident Medical Staff, The House Governor and Secretary, and his Staff, and the Lady Superintendent and her Staff.

Resolution.

"I now move the Resolution 'That the Report and Statements of Accounts for the year 1932 as now submitted be taken as read, and that they be adopted.'"

The Lord Mayor of Leeds, in seconding, said: "I look upon this as, perhaps, the greatest of all our charitable Institutions in every way, the greatest, perhaps, because it naturally calls for more financial help, and because it is inconceivable that we could exist without the services of this Institution. I cannot imagine how life in our midst would be tolerated without the Infirmary, where the infirm may come for healing, and in all cases be cared for, and in most cases restored to health.

"There are many things in the Report upon which we may congratulate ourselves. I notice the item of expenditure appears to be a little less than the previous year, but most certainly the amount of work is not less; I suggest it is greater than the average for the past years. It would therefore appear that there has been some care in administrative costs.

"On the retirement of Mr. Kingsley Pearce we welcomed Mr. S. Clayton Fryers, who was House Governor and Secretary at the Royal Infirmary, Sunderland, and reference has been made to him. I can only say that he is gaining for himself many friends in our City, and I prophesy for him a very useful sphere for his activities.

"H.R.H. The Princess Royal shows a great interest in the Infirmary. On February 25th she came to distribute the prizes to the Nurses, and visited a great many of the Wards,

and she continues to show an interest in the work of the Infirmary. H.R.H. attended in my Rooms for the purpose of receiving a cheque for £500 from the Yorkshire Cinema Carnival, which I had great pleasure in handing over to her, and then to Mr. Nicholson. May I just, in conclusion, say that so deserving and so necessary is this great work, that we can only hope, and I think can rely, that somehow it will not be allowed to suffer for the want of support from a wider area.

" I would like to add my words to yours, Mr. Chairman. I do feel that some do not realize the benefits they receive, otherwise they would respond in full. I have pleasure in seconding the Resolution, and hope for the continued success of the General Infirmary."

Canon W. Thompson Elliott, who supported the Resolution, said: " I think there is a general recognition among the citizens of Leeds of the benefit they receive by the existence of this great Institution, and of the high quality of the Medical, Surgical, and Nursing work which is done. Leeds is in a fortunate position in this respect, but I am not quite sure that there is equal recognition of the need which exists for the extension of this work. I do not think that the public are aware of the room there is for development, if the money were forthcoming.

" The figures of In-Patients, Out-patients, and Operations performed, when put into per diem terms, are positively astounding, especially when you consider the fact that the number of patients awaiting admission has increased from 1,184 in 1931 to 1,785 at the end of 1932. Here is statistical ground for urging the people of Leeds to make possible much needed developments.

" I would like, if I may, to express a word of very sincere good wishes to you as Chairman and Treasurer. The Lord Mayor has already expressed these good wishes, and we all endorse them.

" The achievement of the Leeds Workpeople's Hospital Fund ought to be recognized with very great cordiality. There is the basis of the finance of this Institution.

" I wish a little more could be made of Hospital Sunday. What I had in mind was the possibility of a great deal more significance being given to it. Perhaps members of the Board

of the Infirmary and the Lord Mayor with them would attend Church in their corporate capacity on that day. I hope that some consideration may be given to this suggestion.

" The possible further co-ordination of the Medical services gives promise of great things, and I hope very much during the year this proposal may be carried into effect. The need of co-ordination for increasing efficiency and economy is well-known to those responsible for the management of the various Institutions."

The Resolution was then put to the meeting and carried unanimously.

Mr. F. J. Kitson, who moved " That the cordial thanks of this meeting be tendered to Mr. A. P. Nicholson for his services as Chairman and Treasurer during the past year, and that he be and hereby is re-elected for the ensuing year," said: " Mr. Nicholson has taken the keenest interest in the work of the Infirmary, and it is with the greatest pleasure I ask you to give your thanks. In regard to the second part of the Resolution, I have absolute confidence. It has been my pleasure to sit under the Chairman for the past five months, and I know how well the business has always been conducted, and how much Mr. Nicholson holds the Institution at heart."

Mr. H. Collinson, in seconding the Resolution, stated: " As Mr. Kitson has said, perhaps the ordinary individual hardly realizes the amount of work which is necessary to be put in by the Chairman if he is to do his job properly, and besides time it requires tact, and it also requires above all things a knowledge of finance, and I think this Institution and the City of Leeds is fortunate in that Mr. Nicholson has been induced to take the Chairmanship.

" The Vicar of Leeds has referred to the Waiting List. When it is said that 1,700 are waiting admission to this Hospital, it does not mean that 1,700 are going in danger of their lives. But the Waiting List is large, and the accommodation we have is inadequate. No one more than the Honorary Staff regret the necessity that patients have to be sent home occasionally a good deal earlier than they would like, because of the demand upon beds for acute cases, and it is acute and accident cases which fill up the beds. We are, therefore, unable to keep patients as long as we should like, and as long as we ought. Schemes of extensions have been and are being considered, but until there is financial backing these cannot be proceeded with.

" My colleagues, together with the members of the Lay Board, feel that this Hospital is working at a pressure which is too great for its present accommodation. It is anxious to do far more, if the opportunity is given to it.

" I have the greatest pleasure in seconding the Resolution."

The Resolution was carried unanimously.

Mr. A. P. Nicholson, in reply, said, " I thank Mr. Kitson and Mr. Collinson most sincerely for the very kind way in which they have spoken of the services which I have attempted to render during the short time I have been occupying this position.

" I would like to take this opportunity of thanking everyone for the help and counsel they have given to me."

Mr. Charles Lupton, in moving the alteration to Rule 10, said: " The alteration which I have to move is a very small one—it is only to insert the words ' substance of ' in Rule 10. At present, if we alter a rule we have to insert the exact wording in an advertisement in the papers; so far this has sufficed, because we have not made many alterations, but owing to this Co-Ordination Scheme, which you have been told about, and which we hope is going to be a great thing, we have to revise a number of our rules, and it is proposed that we should be allowed to advertise only the substance of the alterations.

" I therefore move that Rule 10 be altered as follows:—

> " After the words ' unless the ' in Line 4, insert the words ' substance of the '."

Dr. G. W. Watson, in seconding the Resolution, said: " Mr. Charles Lupton has explained to you the need for this resolution. There is one thing I would like to bring before you—Mr. Nicholson has remarked upon the increase of the Expenditure in the last 25 years. The cost of Hospital administration is much greater than in those days—the increase is due in a large measure to the increased cost of modern equipment, in order to keep up-to-date with Medical science.

" I would like to stress the need for increasing the Out-patient Department, and also the desirability of:—

1. The formation and development of a Mental Clinic.

2. The development of a Special Department for Dietetics.

"I have pleasure in seconding the Resolution."

The Resolution was then put to the meeting, and carried.

Mr. W. L. Kirby, in moving the election of the Board of Management, stated: "The Treasurer's account is a big improvement on last year and previous years in every direction.

"The worst figures in the report are those relating to motor accidents, which show an adverse balance of £3,173 10s. I have here a statement of the cost of motor accidents from 1928—1932, showing the total cost to be £22,325, and the amount received by the Hospital £3,419, leaving a debit balance of £18,906. The Infirmary has an accumulated debt of £86,270, and I think I am right in saying that it is largely due to the cost of treating motor accident cases. I would like to suggest that the motorists of Yorkshire make an appeal to wipe out this debt.

"I have much pleasure in moving that the following be appointed to serve on the Board of Management for the ensuing year:—

Mr. Henry Barran.	Mr. Edgar Lupton.
Mr. T. F. Braime.	Miss Elinor G. Lupton.
Col. J. C. Chambers.	Mrs. Horace Marshall.
Mr. W. McLaren Couper.	Mr. James Tate.
Mr. Oliver S. Hopkins.	Col. F. E. Tetley.
Mr. F. J. Kitson.	Col. C. H. Tetley.
Mr. Charles Lupton.	Mr. J. Treen.

Mr. Gladstone Wilson.

"These ladies and gentlemen devote their time and thought to this great work, and deserve our thanks and support."

"Mr. W. Wormald seconded the resolution, and said: "On no previous occasion would it have given me greater pleasure to second this Resolution. I say this because the relationship which exists between us was never more friendly than it is to-day. The Leeds Workpeople's Hospital Fund has a great respect for this Infirmary.

"The first year I presented a cheque to the Infirmary it amounted to £3,100, but we shall never be satisfied until we

THE MAIN CORRIDOR.

hand over £50,000 per annum. The workpeople of this City are realizing their obligations, and are meeting them.

"At the present time 200,000 workpeople are giving their contributions of 2d. per week. On looking through the Report for 1932, you will find that the Income from the Workpeople amounted to £31,250, and the Income from Employers to £1,862. I am pleased to learn that in the very near future a scheme will be organized to get Employers to contribute more liberally."

The Resolution was carried unanimously.

Mr. Edgar Lupton moved that Mr. G. H. Kitson, Mr. S. Schofield, and Mr. Walter C. Atkinson, be elected Members of the Special Committee, for the appointment of Honorary Medical Officers, to fill the vacancies of the three who retire by rotation. He said: "For the benefit of those who are here, we do not call upon their services very often, but when we do it is important that we should elect the right men to fill vacancies as they occur. I think you will agree that these gentlemen are the right men to help us in our elections, and I have great pleasure in moving this Resolution."

Mr. T. F. Braime said: "I have pleasure in seconding the Resolution. The names proposed are all well known in Leeds. In adding these gentlemen to the Committee we shall get the best possible help."

The Resolution was put to the meeting and carried unanimously.

The Chairman moved "That Messrs. Close, Hirst & Co. be appointed Auditors for the ensuing year."

Mr. J. Treen, in seconding the Resolution, said: "I can only say that I hope that next year they will certify 'No debt' on the Infirmary."

The Resolution was carried unanimously.

GIFTS.

The Board of Management are also extremely grateful to the many kind friends of the Infirmary who, during the year, have been good enough to send in gifts of Flowers, Fruit, Vegetables, Eggs, Toys, Old Linen, Tinfoil, Bottles, Wireless Appliances, Books and Magazines, etc.

If any Donor's Title, Seat, or place of Residence is incorrectly stated, or inadvertently omitted, it is hoped that assurance will be taken that it is quite unintentional, and will, on notice to the House Governor, be rectified in future lists.
